

(LARC) LISTA AUTORYZOWANYCH OKŁADZIN Nr 32B

1 STYCZEŃ – 30 CZERWIEC 2012

Dostępna jest także na stronie internetowej www.ittf.com (Home, Equipment, Racket Coverings)

Data publikacji: 1 październik 2011

Nowe gumy wprowadzone do Listy nr 32B pojawiają się w pogrubioną kursywą, natomiast inne zmiany są pogrubione i obie są ważne ze skutkiem natychmiastowym.

Ciemna gąbka (czarna, niebieska, brązowa, zielona, fioletowa, czerwona) nie powinna być używana pod półprzezroczystymi czerwonymi okładzinami (większość czerwonych okładzin jest półprzezroczysta).

Jest zawodników obowiązkiem używać okładzin, które mają kolor jasnoczerwony, a użycie ciemnej gąbki pod półprzezroczysty górny arkusz prawdopodobnie uczyni gumę nielegalną. Nawet jeśli okładzina wystąpi w tej LARC bez odniesienia do gąbki, to punkt 2.4.3 przepisów reguluje użycie gąbki. Wiele okładzin zawiera dodatkowy tekst wytłoczony na gumie oprócz nazwy marki i nazwy producenta, ale to nie dyskwalifikuje ich z LARC. Jednakże nazwa marki podana w tej LARC musi być tam (np. Butterfly Driver L i Butterfly Driver S ma dodatek „D13”). Takie teksty mogą być umieszczone gdziekolwiek w obszarze zarezerwowanym dla tekstu na gumie.

Jak potwierdzać okładziny z tej LARC:

1. Upewnij się, że masz prawidłową LARC (zobacz datę ważności, jest ona publikowana dwa razy w roku, w kwietniu i w październiku. Pliki .pdf są do pobrania na naszej stronie internetowej cały czas: www.ittf.com).
2. Nazwy marki i producenta, jak także logo ITTF i ewentualnie numer ITTF, powinny być wyraźnie widoczne na gumie.
3. Te nazwy powinny figurować w tej LARC. Jeżeli są wątpliwości, sprawdź wizerunek/obraz na stronie internetowej ITTF.

Legenda

[R] lub [B] Wskazuje, że nazwa marki jest odpowiednio dostępna tylko czerwonym lub czarnym kolorze.

„Long” Pod „typ”, to jest zastosowane tam, gdzie względny stosunek (wysokość czopków / średnica czopków) jest większy niż 0,89.

‡ Wskazuje wersję dostępną z tekstylnym wzmocnieniem, przeznaczoną do użycia bez gąbki.

01) Numer producenta może występować wytłoczony w gumie razem z logo ITTF

Supplier – producent

Brand – marka

Type – typ

Tłumaczenie Władysław Chrabąszcz

LARC (LIST AUTHORISED RACKET COVERINGS) N°32B 1 JANUARY 2012 – 30 JUNE 2012

Also available on the Internet: www.ittf.com (Home, Equipment, Racket Coverings)

DATE OF PUBLICATION: 1st October 2011

The new rubbers entering LARC 32B appear in **bold italics**, whilst other changes appear in **bold**, and both are valid with immediate effect. Dark sponge (black, blue, brown, green, purple, red) should not be used under translucent red coverings (most red coverings are translucent). It is the player's responsibility to use a racket covering which appears bright red, and the use of a dark sponge under a translucent top sheet is likely to make the rubber illegal. Even if racket coverings appear in this LARC without reference to sponge, the Law 2.4.3. governs the use of sponge.

Many racket coverings contain additional text in the rubber mould apart from the brand name and suppliers name and this does not disqualify them from the LARC. However, the brand name given in the LARC must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

How to acknowledge a racket covering from LARC:

1. Make certain that you have the correct LARC (see date of validity, it is published twice a year, in April and October).

Pdf files to be found on our website at all times: www.ittf.com.

2. The supplier and brand names as well as the ITTF logo and eventually ITTF number should be clearly visible on the rubber.

3. These names should appear in the LARC. If in doubt, check the images/pictures on the ITTF web site.

LEGEND

[R] or [B] Indicates that this brand name is available in only red or black respectively.

"Long" Under 'Pimple Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.89.

‡ Indicates a version available with a textile reinforcement, intended to be used without sponge.

01) Supplier number, may appear in the rubber mould together with the ITTF logo.
